Dear Rizo Lopez Foods Customers,

As the global effect of coronavirus (COVID-19) continues to evolve, Rizo Lopez Foods is firmly committed to the health and safety of our employees and serving our communities and customers.

We are closely monitoring the changing situation and complying with guidelines set forth by the Center for Disease Control (CDC), our state and local government officials.

To protect our employees, products and services, we have restricted non-essential visitors to our plant and asked delivery drivers to remain in their vehicles. We have also asked employees who do not feel well and have a fever to stay home on paid sick leave.

We have increased our sanitation protocols throughout the plant by increased cleaning and sanitizing hard surfaces such as door handles, table and chairs as well as our delivery trucks and vehicles. We have also increased the use of personal protection equipment (PPE) such as face masks and gloves and asked employees to change their PPE often.

As new information becomes available, we will keep our employees well informed so they can respond swiftly and appropriately. As the circumstances change, we will modify our operations as necessary.

Thank you for your patience and cooperation.

Sincerely,

Ivan Rizo
